

BALI contractors host APPGHG visit

Members of the All Party Parliamentary Gardening and Horticulture Group visited Canary Wharf on 7th March to see two BALI award winning sites.

The group were treated to a tour of the stunning Jubilee Park – designed to be viewed from the high-rise office buildings around it - and then off to the Barclays Group Headquarters building to see its wonderful interior landscaping atriums.

David Grace of Indoor Garden Design and John Melmoe of Willerby Landscapes, whose companies jointly won the BALI Principal Award for the installation, arranged this part of the visit. The Members of both Houses of Parliament were suitably impressed by our members' landscaping expertise.
