

BALI National Landscape Awards 2005

INTERIOR LANDSCAPE INSTALLATION

# Indoor Garden Design

## Royal Bank of Scotland, Birmingham

Award Winner

The Regional HQ of the Royal Bank of Scotland in Birmingham is situated in Brindley Place. It is a showpiece for urban regeneration, where landscaped squares add value to the new buildings, the ground floor being a series of meeting areas and staff restaurants. This is ideal for the treatment Indoor Garden Design has delivered. The plants are very healthy and of great variety.

Winner:

Indoor Garden Design

Project:

Royal Bank of Scotland, Birmingham

Client:

Royal Bank of Scotland

Designer:

Sheppard Robson
